PALLETFORCE

The dispersal sale of the adult portion of the Haltcliffe Flock.

Foreword

The Haltcliffe flock was first established in 1988 and restocked in 2001 following Foot and Mouth Disease. The restocking was done in two stages with 60 ewes bought from the Boghouse flock and 3 ewes from the Woodmarsh flock in 2001. In 2002, a further 36 shearing gimmers were purchased from the Loosebeare flock, with further top gimmers being purchased over the years from Cambwell, Garn Gour, Turin, Knock, Rascarrel and Haddo with a ewe lamb from Gyrhos. The flock has enjoyed considerable success over the years, including 26,000gns for Haltcliffe Knight, the twin brothers Haltcliffe Jackpot and Jaguar selling for 16,000gns each, Haltcliffe Storm 5,000gns and Haltcliffe Lotus 15,000gns. Ewes from the same families of all these rams are in the sale. After a health scare in September 2017 and losing a member of staff in December of the same year, this year we have decided to simplify our workload to the hefted hill flock of Swaledale ewes and our smaller herd of Pedigree Limousin cattle. so, all the ewes scanned in lamb will be dispersed at this sale. It is planned to sell the 2018 ewe lambs later in 2019. We have had 30 great years breeding Texels, making a lot of good friends and many happy memories. We hope that they bring their purchasers as much enjoyment as they have us. All the sheep are in the Heptavac P system and have been vaccinated for both Enzo & Toxo abortion. They are eligible for export to Northern Ireland.

Thank you
Craig and Family
